Nelson, Whitman, Medill and Saxer's Contemporary Property.

Description

Designed for use in a four, traditional property course, this casebook applies fundamental Property principles in a distinctly modern context. The book begins with fundamental Property principles and concepts, followed by personal property with an introduction to intellectual property. Subsequent chapters cover present and future interests, concurrent estates, landlord and tenant law, real estate transactions, easements, covenants, and public land use regulation (including zoning, eminent domain and regulatory takings, and constitutional challenges based on due process, equal protection, freedom of speech and freedom of religion).
