As internships play a critical role in arts and cultural organizations and academic programs, students' expectations of their internships are vital. This cross-sectional international descriptive study addressed the following research question: What are the expectations of arts and cultural management students regarding their internships? The study found that students expect internships to provide practical experience, professional development, and networking opportunities. The results also highlighted areas where organizations and academic programs can improve their internship programs to better meet student expectations.
expectations do arts and cultural management students have of their internships? The study also investigate expectations differ across enrolment st implications for how cultural organizar well as how academic programs in arts learning gained through internships
