Substance Abuse Counseling: Theory and Practice

By Patricia Stevens and Robert L. Smith.

Includes chapter by College at Brockport faculty member Summer M. Reiner: and legal issues in substance abuse counseling.

This book provides information regarding the enormity of substance abuse problems in the population, how to assess the problems, and how to treat individuals and families who seek assistance. It educates beginning clinicians and counselors about substance abuse by guiding them through the process of working with substance-abuse clients. Written in an understandable and easy-to-grasp manner, it covers the basics of substance use and abuse—terminology, physiology, psychokinetics, and psychodynamics. Case histories are used in selected chapters to help readers integrate the various approaches by.
