Abstract
The notion of the everyday is at the heart of modern French cultural and Anglo-American cultural studies. Since the 1960s numerous writers, artists, philosophers, and social theorists have tried to home in on the patterns and rhythms of our daily activities. This book provides a detailed map of this territory, linking the pioneering work of such key figures as Georges Perec and Michel de Certeau, to currents in Surrealism, ethnography, fiction, film, and photography.
